Web-based tool

The screenshot displays the 'Daily Time Log' interface. It is divided into several sections:

- Case-Related Activity:** A large grid with columns for 'A. Case Types' (Criminal and Problem-Solving, Civil) and 'B. Case-Related Events'. The grid contains checkboxes for tracking activity duration.
- Non-Case-Related Activity:** A section for tracking non-case-related events, with a dropdown menu for 'C. Non-Case-Related Events'.
- Date Selection:** A calendar interface for 'Monday, 4/18/2016', showing days of the month and a time selection area for 'Hours' and 'Minutes'.
- Activity Selection:** Two dropdown menus: 'Select a Case Type' (listing categories like Criminal & Problem-Solving, Civil, etc.) and 'AND Select a Case-Related Event' (listing specific events like Domestic Violence Protective Orders, etc.).
- Summary and Tools:** A top right summary bar showing '4/18/2016 total: 0h 0m' and a 'View entries' link. Below it are links for 'Glossary of Terms', 'Daily Time Log', 'Supplemental Time Log', 'Frequently Asked Questions', and 'Time Study Training'. At the bottom right are 'Log Out' and 'Administration Tools' buttons.
